## Purpose

The purpose of this documentation is to explain how to create work requests within the Test Track ([http://azscusmtlt001/halliburton\\_testTrack/](http://azscusmtlt001/halliburton_testTrack/)) using three types of charge codes options: **Work Order Number**, **Cost Center**, and **Project Network Codes**.

In addition to the above, this document also explains how to add a work request to the work schedule and how to submit for approval.

## Notes, Cautions and Warnings

All Notes, Cautions, and Warnings appearing in this document convey the following:

---

Notes emphasize additional information that may be useful to the reader.

---

---

Caution messages give directions that, if not observed, could result in loss of data or in damage to equipment.

---

---

**Warnings alert users to a specific procedure or practice that, if not followed correctly, could cause personal injury or be a safety hazard.**

---

# 1 Submitting for Work Order Numbers

1.1 Open the Test Track website: [http://azscusmtlt001/halliburton\\_testTrack/](http://azscusmtlt001/halliburton_testTrack/)

1.2 Select the “Create Work Request” button as shown in Figure 1-1.

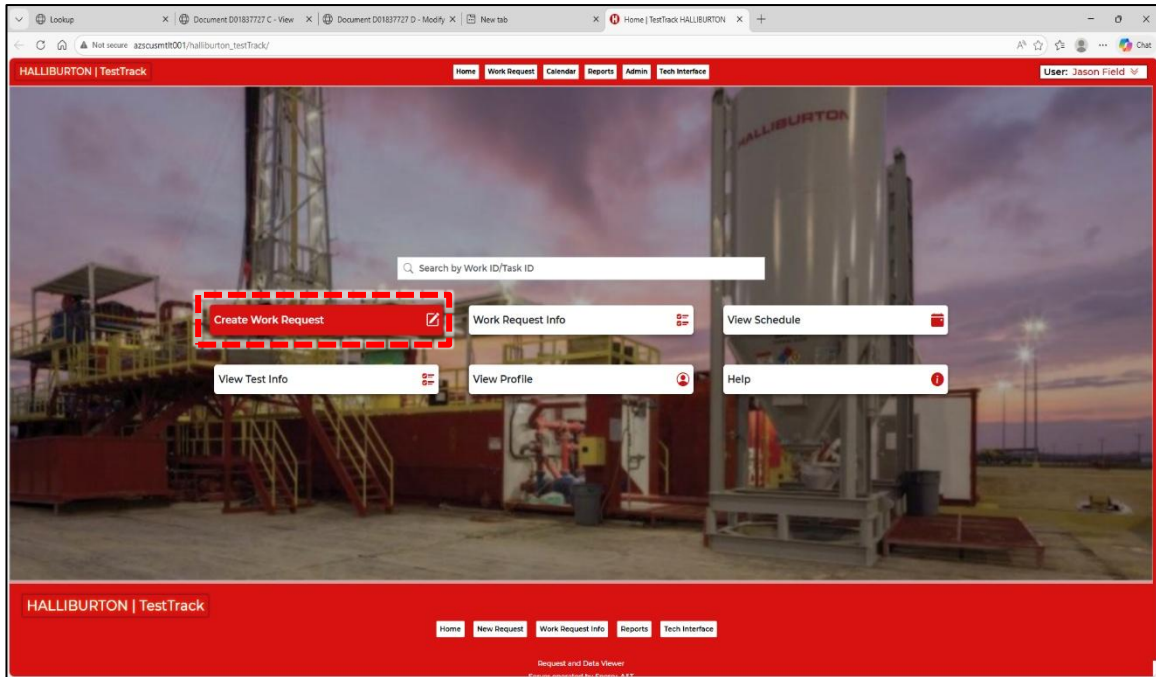

Figure 1-1: Creating a Work Request on Test Track

1.3 On the "Create New Work Request" page (Figure 1-2), fill out the appropriate fields (i.e. Location, Resources, and Request Description).

- 1.3.1 Select **North Belt MTL** for Location.
- 1.3.2 Select the appropriate Resource from the drop-down list of available options.
- 1.3.3 Include as many relevant details as possible in the "Request Description".

### Create New Work Request

Location: Search location

Resources: Search location wise resources

Request Description: Write your request description

Select Charge Code or Work Order: ☐ Charge Code ☐ Work Order

Tools: Search tool Request New

Duration (days): Enter duration in days

PSL/Company: Search PSL/Company

Group: Search group

Lithium Battery: ☐ Yes ☐ No

Radiation: ☐ Yes ☐ No

Test Procedure: Choose File No file chosen

Save as Draft Submit

Figure 1-2: Starting a New Work Request

## 1.4 Submit for Work Orders, Charge Codes, Cost Centers, and Project Network Codes

If the Work Order number is not listed in the drop-down menu, select the **Add More** button to the right of the drop-down menu.

- 1.4.1 Select the **Work Order** radio-button for work requests that need to be charged to Work Orders. An additional text box labeled "Work Order Number:" will appear below the Select Charge Code or Work Order radio-buttons (Figure 1-3). Scroll the Work Order drop-down to or type in the work order number desired in the search field.

Select Charge Code or Work Order: ☐ Charge Code ☒ Work Order

Work Order: Add one or more Work Order Add More

Figure 1-3: Work Order Submissions

If the Charge Code, Cost Center, or Project Network Codes are not listed in the drop-down menu, select the **Request New** button to the right of the drop-down menu.

- 1.4.1 Select the **Charge Code** radio-button for work requests that need to be charged to Charge Codes, Cost Centers, and Project Network Codes. An additional text box labeled "Charge Code:" will appear below the Charge Code or Work Order radio-buttons (Figure 1-4). Scroll the Charge Code drop-down or type in the Charge Code, Cost Center, or Project Network code in the search field.

Select Charge Code or Work Order: ☒ Charge Code ☐ Work Order

Charge Code: Search/Add one or more charge codes Request New

**Figure 1-4: Charge Code, Cost Center, and Project Network Code Submissions**

- 1.4.2 When selecting Project Network Codes, an additional text box labeled "Activity Code:" will appear below the Charge Code search field. After selecting the Project Network Code from the list of options, the Charge Code field is empty as shown in Figure 1-5. Select "View selected Charge Code" to see Project Network Code.

Charge Code: Search/Add one or more charge codes Request New

Activity Code: Enter Activity Code View selected Charge Code

Activity Code is required.

**Figure 1-5: Activity Codes**

- 1.5 Fill out the remaining fields in the form (i.e. Tools, Duration, PSL/Company, and Group)(Figure 1-6).

Ensure the PSL/Company and Group are correct before submitting (Figure 1-6).

Tools: Search tool Request New

Duration (days): Enter duration in days

PSL/Company: Search PSL/Company

Group: Search group

**Figure 1-6: Complete the Work Request Form**

---

If the Tool part number is not listed in the Tools drop-down menu, select the **Request New** button to the right of the Tools field.

---

- 1.1 If the tool contains a lithium battery, select the Yes radio-button option for Lithium Battery:
- 1.2 If the tool contains a radioactive (RA) material, select the Yes radio-button option for Radiation:
- 1.3 Select Choose File to upload the test procedure to be performed, if one has been provided by the Project Lead or Test Engineer.
- 1.4 Click Submit or Save as Draft.
  - 1.4.1 Click **Save as Draft** to return to the newly created Work Request once the details for all fields have been acquired.
  - 1.4.2 Click **Submit** once the details for all fields have been acquired and proceed to Section 2.

## 2 Add Work Request to Work Schedule and Submit for Approval

2.1 After clicking Submit (in Step 1.4), click on the Calendar day (Figure 2-1) for the work request to be added to the calendar. The example below is for 27 April 2026.

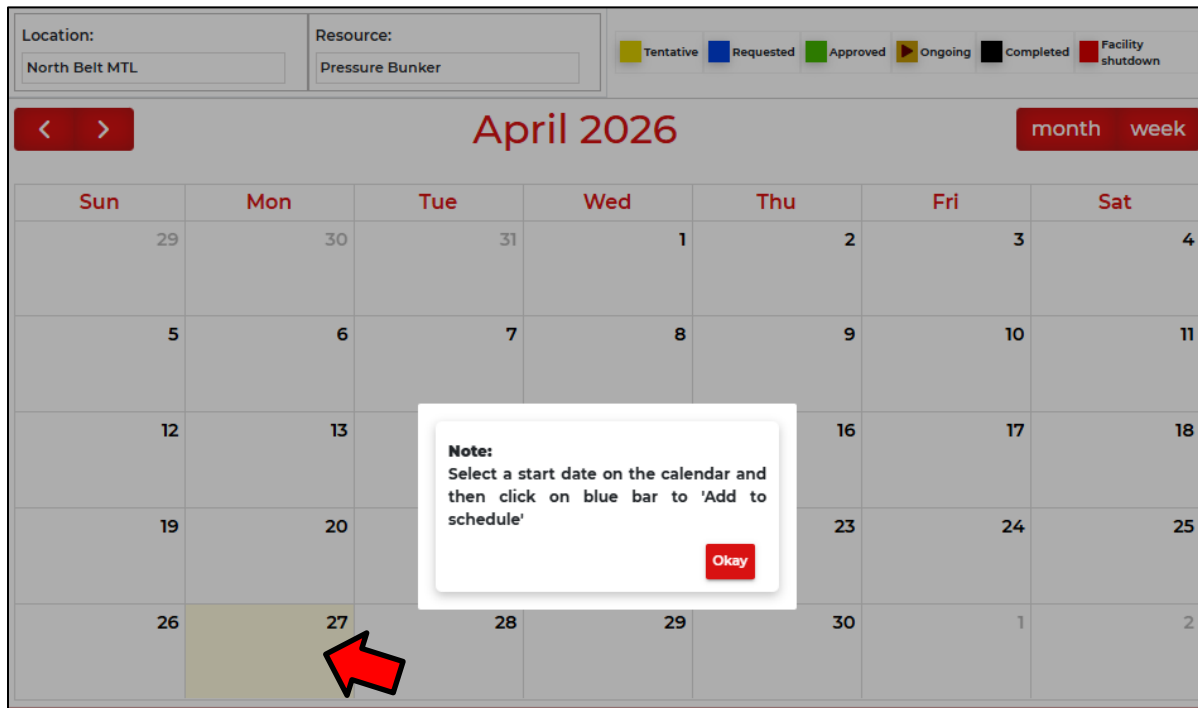

Figure 2-1: Add New Task to Schedule

2.2 Select a day on the calendar by clicking date, for the resource being used. The new Task is shown in blue, as shown in Figure 2-2.

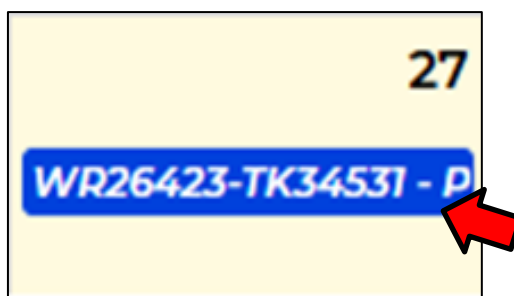

Figure 2-2: My New Task

Hover mouse over entry in the Calendar after submitting the Work Request to see the full Description.

- 2.1 Select the new Task (Figure 2-2), then on the “Detail of request on selected Date” pop-up, if all details are correct select Add to schedule.

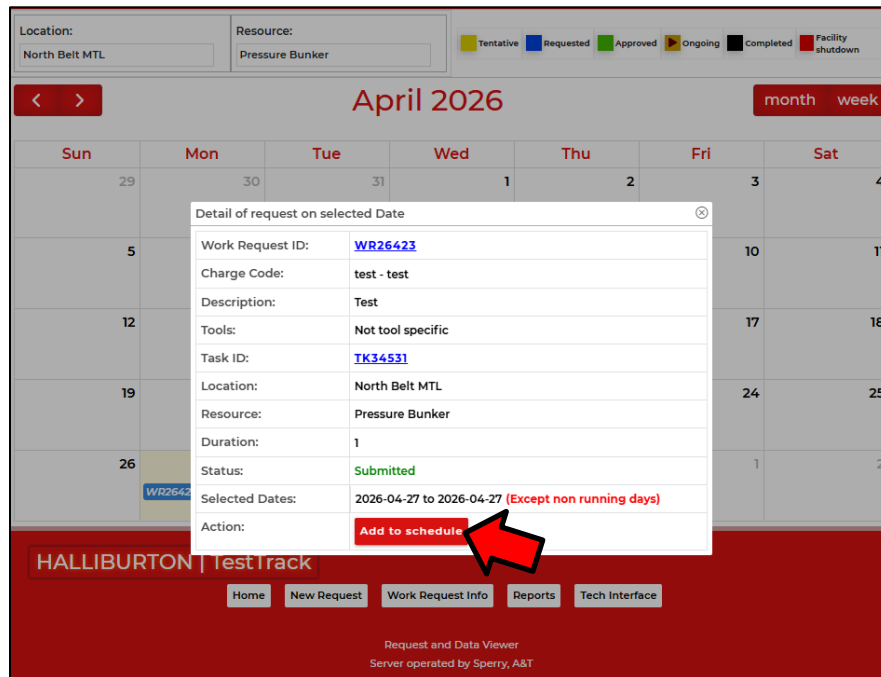

Figure 2-3: Add Task to Schedule Review

- 2.1 Once the Task has been added to the Calendar, select the Task a second time and select Approve to update the Calendar with the new Task.

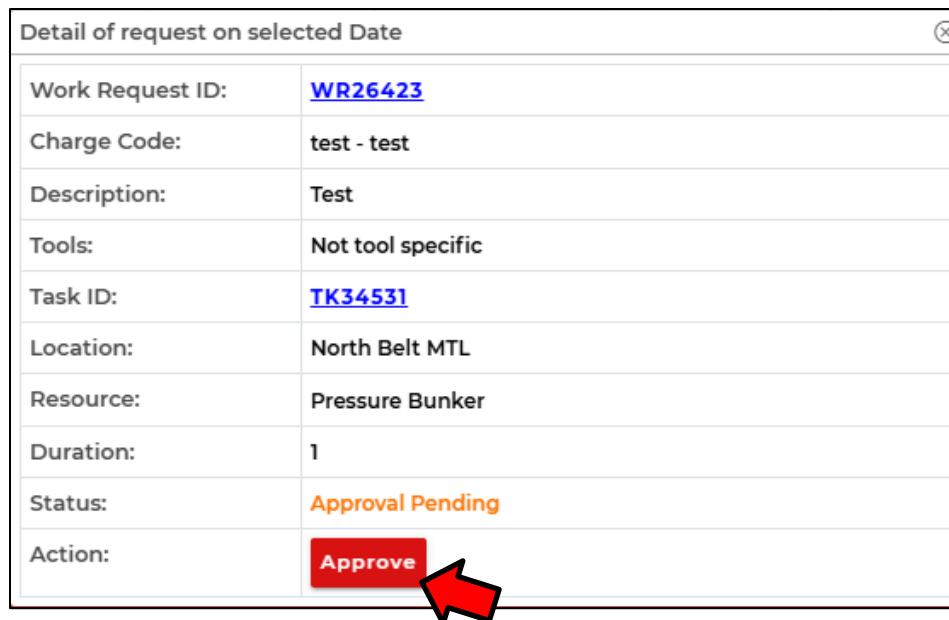

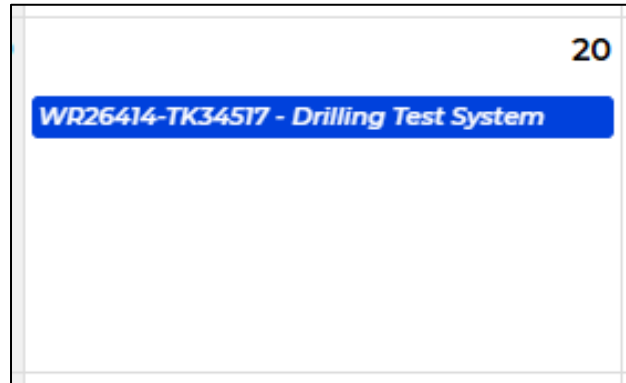

Figure 2-4: Add Task to Schedule Confirmation

## Appendix A Creating Multiple Task IDs

**A1** After submitting the initial Work Request, click on the Open Work Request/Task on the Calendar.

**Figure A-1: Open Work Request/Task Calendar.**

**A2** Click the blue text Work Request ID: WR26414 for this example.

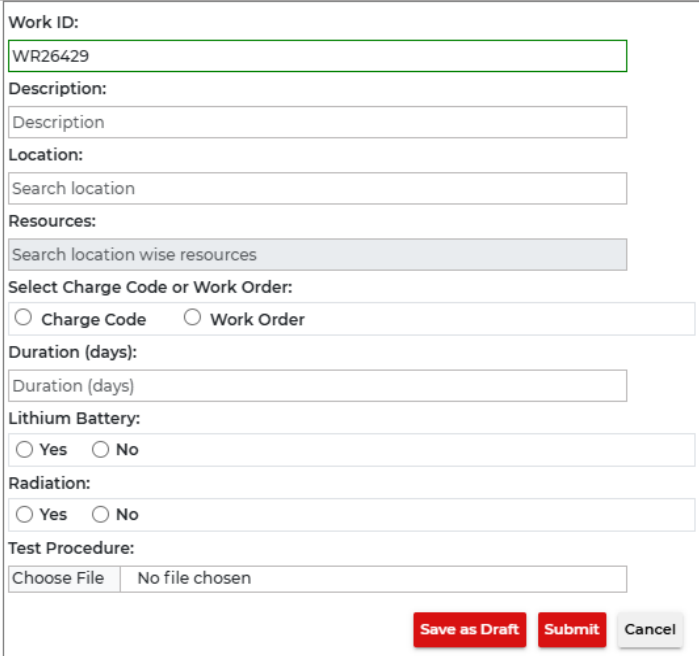

A screenshot of a form titled 'Detail of request on selected Date'. The form contains several fields: 'Work Request ID' (WR26414), 'Charge Code' (test - test), 'Description' (Testing\_WorkRequest), 'Tools' (100134865 - HOUSING, BI-DIRECTIONAL, PRESSURE SUB, 2 3/4 DITS STANDARD HARDWARE), 'Task ID' (TK34517), 'Location' (North Belt MTL), 'Resource' (Drilling Test System), 'Duration' (1), 'Status' (Approval Pending), and 'Action' (Approve). A red arrow points to the 'Work Request ID' field.

**Figure A-2: Detail of Request on Selected Date**

**A3** Once the Work Request displays, click on Add Task button to add a new Task number. The Work Request number will remain the same.

A screenshot of a form titled 'Work Request Information ( In Progress ) | [Edit Details]'. The form contains several fields: 'Work Request Id' (WR26429), 'Requestor Id' (H227072, Jennifer Wilson), 'Request Description' (Directional Module Assy Cobra - 103323273-A; Vibe Screening at Amb. & 150C), 'Tools' (103162495 - TOP ASSEMBLY, 4-3/4 IN FLOWSTAR-PT), 'PSL/Company' (Sperry Drilling), and 'Group' (Technology). Below these fields is a 'Task List' section with a table. A red arrow points to the 'Add Task' button.

**Figure A-3: Adding a New Task**

**A4 Once the Create New Task pop-up appears:**

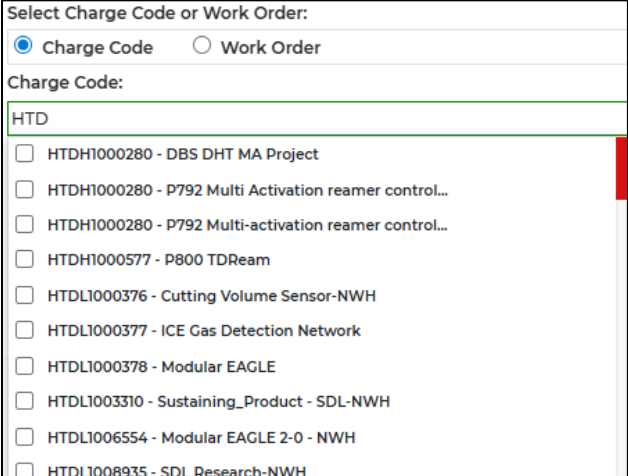

The 'Create New Task' pop-up form contains the following fields and options:

- Work ID:** Text field with value 'WR26429'.
- Description:** Text field with value 'Description'.
- Location:** Text field with value 'Search location'.
- Resources:** Text field with value 'Search location wise resources'.
- Select Charge Code or Work Order:** Radio buttons for 'Charge Code' and 'Work Order'.
- Duration (days):** Text field with value 'Duration (days)'.
- Lithium Battery:** Radio buttons for 'Yes' and 'No'.
- Radiation:** Radio buttons for 'Yes' and 'No'.
- Test Procedure:** Text field with value 'Choose File' and 'No file chosen'.

Buttons at the bottom right: 'Save as Draft' (red), 'Submit' (red), and 'Cancel' (grey).

**Figure A-4: Create New Task**

1. Enter the **Description** to indicate test sequence (Test No.1, 2, etc.). Refer to Figure A-4.
2. Select the **Location** from the list of available options. Refer to Figure A-4.
3. Select the **Resources** from the list of available options. Refer to Figure A-4.
4. Select the **Charge Code** or **Work Order**, depending on test criteria. Refer to Figure A-4.
  - a. If using Charge Code, select the appropriate Charge Code from the available list (Note: Narrow search results by entering the Charge Code in the Charge Code Search Box).

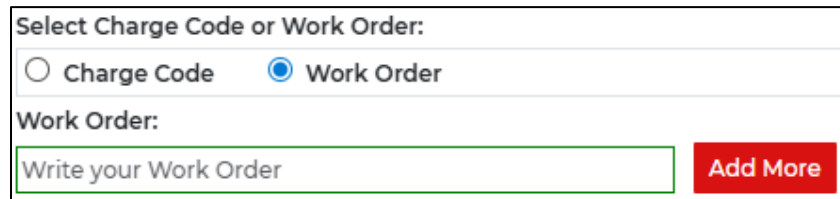

The 'Select Charge Code or Work Order' pop-up form contains the following fields and options:

- Select Charge Code or Work Order:** Radio buttons for 'Charge Code' (selected) and 'Work Order'.
- Charge Code:** Text field with value 'HTD'.
- Charge Code List:** A list of charge codes with checkboxes:
  - ☐ HTDH1000280 - DBS DHT MA Project
  - ☐ HTDH1000280 - P792 Multi Activation reamer control...
  - ☐ HTDH1000280 - P792 Multi-activation reamer control...
  - ☐ HTDH1000577 - P800 TDRream
  - ☐ HTDL1000376 - Cutting Volume Sensor-NWH
  - ☐ HTDL1000377 - ICE Gas Detection Network
  - ☐ HTDL1000378 - Modular EAGLE
  - ☐ HTDL1003310 - Sustaining\_Product - SDL-NWH
  - ☐ HTDL1006554 - Modular EAGLE 2-0 - NWH
  - ☐ HTDL1008935 - SDL Research-NWH

**Figure A-5: Select Charge Code**

- b. If using a Work Order, enter the Work Order number in the field provided. Click the **Add More** button if more than one Work Order is required.

Select Charge Code or Work Order:

☐ Charge Code ☒ Work Order

Work Order:

Write your Work Order

Add More

**Figure A-6: Select Work Order**

5. Enter the **Duration** in the Duration (days) field. This value is the number of total days. Refer to Figure A-4.
6. If the UUT contains a lithium battery, click the Yes button under **Lithium Battery**. Otherwise, click No. Refer to Figure A-4.
7. If the UUT contains a radioactive source (RA), click the Yes button under **Radiation**. Otherwise, click No. Refer to Figure A-4.
8. If there is a test procedure to add to the Task, click on Choose File under **Test Procedure** and navigate to the file to upload. Refer to Figure A-4.
